SEPT. 28, 1959

"SERVING AGRICULTURE SINCE 1900"

IMPORTANT ANNOUNCEMENT!

Effective September 1, 1959, the seed business of R. E. Lambert & Sons (operating 1924 to 1959) was taken over by R. E. Lambert & SON. This new partnership is owned by my wife and me. We have owned one-half of the business all along, and I have been in general charge of the Seed Department of R. E. Lambert & Sons. There will, therefore, be no change in the management or personnel that will serve you.

I shall be assisted in operating the business by my son, Bob Lambert, III, whom many of you know. He is a graduate of Auburn in Agricultural Administration, and is a member of the third generation of Lamberts to be in the seed business—began in 1900 by my father, R. E. Lambert, Sr.

If you were charged anything prior to September 1 by R. E. Lambert & Sons that is unpaid, then you should remit to R. E. Lambert & Sons. Your promptness in this will be appreciated.

Many thanks for all past favors, and we shall be sincerely grateful for your confidence and favors in the future. We are at your service. Call upon us, please

R. E. LAMBERT, JR.

OUR SEED LABORATORY

We have had a Seed Laboratory for years to check and test the seed we buy and sell. This is for your protection and ours, and we know you appreciate the great value of this. Our analyst, Earl Lott, is a Registered Senior Member of the Society of Commercial Seed Technologists. His tests are acceptable to ASC in all states and to other agencies. There are only 107 Senior Analysts in the U. S.

WE FURNISH TESTS FOR ASC IF WANTED. CAN USUALLY FURNISH THEM IMMEDIATELY. We do commercial testing also. May we do some for you? You will like our accuracy, promptness and reasonable rates. Show lot numbers on your representative samples. Mark them for "Seed Laboratory". We shall make complete tests unless you specify only purity or only germination. Will send you envelopes for mailing samples to us upon request.

ASC (PMA) PAYMENT RATES
